

THE RETURN OF THE JEDI KITS ARE ENTERING YOUR GALAXY.

More frightening than the AT-AT.[™]
More amazing than the Imperial Star
Destroyer.[™] Our Return of the Jedi[™] kits are
the latest additions to our exciting Star
Wars[™] galaxy.

Defend yourself against Darth Vader[™]
with the new Speeder Bike.[™] But
watch out for his new Imperial Shuttle
Tydirium.[™] And most important of
all, beware of Jabba the Hutt.[™]

He reigns supreme from his Throne
Room,[™] and if you dare, you can build

this authentic
scene from the film in your own room.

Meanwhile, you'll find a full colour
movie poster free inside every new
Return of the Jedi[™] kit with scenes
from the movie on one side, and
Han Solo[™] on the other. Defend
your galaxy with it.
